

# Welcome! We'll help you make the switch and break up with your current bank.

**Let's get started!** We'll make the process as easy as we can.

Keep this number handy

Think Mutual Bank's Routing Number: **291975465**

Remember – keep account numbers safe & secure!

### Your new account numbers:

Checking: \_\_\_\_\_

Checking: \_\_\_\_\_

Savings: \_\_\_\_\_

## Step 1: Stop using your old accounts. Allow up to 10 days for checks to clear.

Destroy old checks, deposit slips & debit cards. **BONUS: we'll pay up to \$10** for your old checks and debit cards.

## Step 2: Change your direct deposits

**Direct Deposits** are funds that are automatically deposited into your accounts – like your payroll. The easiest way to get them switched to your new Think Bank account is to first gather the information below. Then, we can help you contact each institution to make the switch (or you can handle it on your own with the form on the last page). Some institutions require a specific form to be filled out and most can be handled online. Just take it one at a time.

**Now, let's not forget** about those other automatic payments you make each month:

## Step 3: Change your automatic payments, recurring debit or credit card payments, & bill pay

**Automatic payments (ACH)** are great for payments that rarely change. **Bill Pay** is a better option when you want **total control of when and how much** is paid. Bill Pay is also more secure than sharing your account numbers with several different billers. **We can help** get your automatic payments switched over to Think Bank – and the first step is to gather some information.

	How are you making this payment now?	Company Name & Contact Info	Account Number	✓ Done
