**Paycheck Protection Program
Borrower Application Form Revised March 18, 2021**

Purpose of this form:

This form is to be completed by the authorized representative of the Applicant and ***submitted to your SBA Participating Lender***. Submission of the requested information is required to make a determination regarding eligibility for financial assistance. Failure to submit the information would affect that determination.

An Applicant that files an IRS Form 1040, Schedule C, and elects to calculate the PPP loan amount using net profit must use this form. *An Applicant that files an IRS Form 1040, Schedule C, and elects to calculate the PPP loan amount using gross income cannot use this form, and instead must use SBA Form 2483-C.* An Applicant that files an IRS Form 1040, Schedule F, and calculates the PPP loan amount using gross income must also use this form.

Instructions for completing this form:

With respect to Purpose of the Loan, payroll costs consist of compensation to employees (whose principal place of residence is the United States) in the form of salary, wages, commissions, or similar compensation; cash tips or the equivalent (based on employer records of past tips or, in the absence of such records, a reasonable, good-faith employer estimate of such tips); payment for vacation, parental, family, medical, or sick leave (except those paid leave amounts for which a credit is allowed under FFCRA Sections 7001 and 7003); allowance for separation or dismissal; payment for the provision of employee benefits (including insurance premiums) consisting of group health care coverage, group life, disability, vision, or dental insurance, and retirement benefits; payment of state and local taxes assessed on compensation of employees; and, for an independent contractor or sole proprietor, wage, commissions, income, or net earnings from self-employment or similar compensation.

For purposes of calculating Average Monthly Payroll, most Applicants will use the average monthly payroll for 2019 or 2020, excluding costs over \$100,000 on an annualized basis, as prorated for the period during which the payments are made or the obligation to make the payments is incurred, for each employee. For seasonal businesses, the Applicant may elect to instead use average total monthly payroll for any twelve-week period selected by the Applicant between February 15, 2019 and February 15, 2020, excluding costs over \$100,000 on an annualized basis, as prorated for the period during which the payments are made or the obligation to make the payments is incurred, for each employee. For new businesses, average monthly payroll may be calculated using the time period from January 1, 2020 to February 29, 2020, excluding costs over \$100,000 on an annualized basis, as prorated for the period during which the payments are made or the obligation to make the payments is incurred, for each employee. For farmers and ranchers that operate as a sole proprietorship or as an independent contractor, or who are eligible self-employed individuals (including single member LLCs and qualified joint ventures) and report farm income or expenses on a Schedule F (or any equivalent successor IRS form), payroll costs are computed using eligible payroll costs for employees, if any, plus the lesser of \$100,000 and the difference between gross income and any eligible payroll costs for employees, as reported on a Schedule F. For Applicants that file IRS Form 1040, Schedule C, and elect to calculate the PPP loan amount using net profit, payroll costs are computed using line 31 net profit amount, limited to \$100,000, plus any eligible payroll costs for employees (to calculate loan amount using gross income, see SBA Form 2483-C). For Applicants that are partnerships, payroll costs are computed using net earnings from self-employment of individual general partners, as reported on IRS Form 1065 K-1, reduced by section 179 expense deduction claimed, unreimbursed partnership expenses claimed, and depletion claimed on oil and gas properties, multiplied by 0.9235, that is not more than \$100,000, plus any eligible payroll costs for employees.

For Schedule F filers, if the Applicant is a qualified joint venture for federal income tax purposes ((1) the only members of the joint venture are a married couple who file a joint return and each file Schedule F, (2) both spouses materially participate in the trade or business, and (3) both spouses elect not to be treated as a partnership), only one spouse may submit this form on behalf of the qualified joint venture.

For purposes of calculating the loan amount using gross income (Schedule F filers only), use the sum of gross income (Schedule F, line 9) from both spouses. For purposes of reporting Number of Employees, sole proprietors, self-employed individuals, and independent contractors should include themselves as employees (i.e., the minimum number in the box Number of Employees is one). Applicants may use their average employment over the time period used to calculate their aggregate payroll costs to determine their number of employees. Alternatively, Applicants may elect to use the average number of employees per pay period in the 12 completed calendar months prior to the date of the loan application.

For purposes of reporting Year of Establishment, self-employed individuals and independent contractors may enter "NA".

For purposes of reporting NAICS Code, applicants must match the business activity code provided on their IRS income tax filings, if applicable.

If Applicant is refinancing an Economic Injury Disaster Loan (EIDL): Add the outstanding amount of an EIDL made between January 31, 2020 and April 3, 2020 to Loan Request as indicated on the form. Do not add the amount of any EIDL Advance.

All parties listed below are considered owners of the Applicant:

- For a sole proprietorship, the sole proprietor;
- For a partnership, all general partners, and all limited partners owning 20% or more of the equity of the firm;
- For a corporation, all owners of 20% or more of the corporation;

Paycheck Protection Program PPP First Draw Lending Guide

Debt Forgiveness

The Small Business Administration's Paycheck Protection Program provides small businesses forgiveness of debt to the extent of the borrower's documented expenses for qualified expenses paid during the 24-week period beginning on the date the loan is originated (forgiveness period). To ensure expenses are easily identified we encourage borrowers to track expenses through a **separate checking account**. This ensures transactions are not co-mingled with other funds and will easily be tied to the qualified expenses.

Qualified expenses include: payroll costs, interest (not including principal) payments on mortgages in existence as of February 15, 2020, rent, and utilities. At least 60% of the forgiven amount must have been used for payroll to qualify for full forgiveness.

Documentation

Maintain documentation verifying the number of full-time equivalent employees on payroll as well as the dollar amounts of payroll costs, covered mortgage interest payments, covered rent payments, and covered utilities for the twenty four week period following this loan. This documentation is required to be submitted to the lender to qualify for debt forgiveness.

Additional Lending:

If you apply for a PPP First Draw Loan, you will not be eligible for another loan under this program.

You may still be eligible for conventional bank loans or other government lending programs. Please consult your Think Business Advisor if you are interested in additional lending opportunities.
